## Cat Eye Gel Polish JOIA vegan, 6 ml

Cat Eye Gel Polish — A warm glow that appears at the very moment when reality begins to shift. This is the radiance of a threshold — soft, elusive, yet tangible on the skin.

It evokes that first impulse of lucid dreaming, when the space around you still feels familiar, but already breathes with a different energy.

A shade that symbolizes the moment of transition — when you are just stepping into the subtle world, and the light gently guides you forward.

- Vegan formula, TPO-free;
- Creates a trendy “cat eye” effect with shimmering “sunlit metallic” reflections;
- Adjustable intensity and direction of the magnetic line;
- Perfectly pairs with bronzers and nude bases;
- Lightweight, gentle formula without harsh components;
- Suitable for all skin tones, especially tanned skin.

### How to use?

Prepare the nail plate, apply a base coat, and cure.

Apply the first thin layer of Cat Eye Gel Polish JOIA vegan, cure for 30–60 seconds. If desired, use a magnet to create a playful highlight, or leave the original effect.

Apply a second layer for a richer color. Cure in an LED lamp for 60 seconds.

Apply a top coat of your choice: Aqua Gloss Top / UV Stop Top / Soft Touch Top JOIA vegan. Cure in a UV lamp for 2 minutes or in an LED/UV lamp for 60 seconds.

After curing, remove the sticky layer. If using a no-wipe top coat, skip this step.

## Application of UV/LED Gel Polish

Disinfect your hands. Push back the cuticle with an orange stick. Remove the shine from the nails with a buff, remove the dust. Degrease the nail plate with the dehydrator Nail Dryer JOIA vegan.

Apply a small amount of Nail Primer JOIA vegan to the entire surface of the nail and the tip. Allow to air dry for 30-60 seconds.

Apply with rubbing movements a thin layer of UV/LED BB cream base JOIA vegan or UV/LED Latex base JOIA vegan as a base coat. Do not forget about the sides of the nail and the end. Place your hand in the UV lamp for 2 minutes or in the LED, UV/LED for 60 seconds. If necessary, apply a second leveling layer of UV/LED BB cream base JOIA vegan or UV/LED Latex base JOIA vegan. Dry in a lamp.

Cover the nails with UV/LED Gel Polish JOIA vegan in two thin layers. Always remember to seal the sides and end of the nail. Each layer is polymerized in a UV lamp for 2 minutes or in an LED, UV/LED lamp for 60 seconds.

Cover the nails with a top of your choice: Aqua Gloss Top / UV Stop Top / Soft Touch Top / Mica Gloss Top / My Crush Top JOIA vegan. Seal the tip and sides of the nail. Place your hand in the UV lamp for 2 minutes or in the LED, UV/LED for 60 seconds.

After polymerization, remove the sticky layer. When using a finish without a sticky layer, skip this step.

## Auxiliary fluids

---

### Dehydrator

Nail Dryer JOIA vegan, 8 ml, 15 ml

- Degreases
- Cleanses
- Removes excess moisture
- Improves adhesion between the nail plate and decorative material

### Acid-free

Nail Primer JOIA vegan, 8 ml, 15 ml

- Ensures stable adhesion between the natural nail and the decorative coating
- The product does not change the pH of the nail plate
- Has antiseptic properties

---

### How to use?

Prepare the nails, and then distribute the product evenly over the entire surface. The nail plate should become matte.

### How to use?

Spread the product evenly after applying the dehydrator and wait a minute.

---

## Nail disinfectant

### Ready Steady Prep JOIA vegan, 150 ml, 500 ml

Ready Steady Prep JOIA vegan — is an auxiliary liquid that will allow you to reach the highest level of nail preparation to create a flawless coating. Suitable for use before applying base, gel polish, gel, polygel.

From now on, the application step of Ready Steady Prep JOIA vegan will become an integral part of the manicure procedure. This tool will help you to easily and effectively clean the nail plate from fat, dust and other impurities and will also ensure improved adhesion of decorative layers to the nail plate.

Thanks to its unique formula, Ready Steady Prep JOIA vegan will ensure the highest quality of nail preparation, guaranteeing maximum stability and an excellent appearance of your manicure.

#### Advantages:

- disinfects the surface of the nail and the skin of the hands; cleans, degreases and dehydrates;
- provides improved adhesion and durability of the manicure;
- warns of the possibility of the development of infections that may occur under the coating in the case of neglect of the cleaning stage;
- reduces the probability of delamination of the artificial material;
- suitable for both home and salon use.

---

#### How to use?

Push back the cuticle. Lightly file the surface of the natural nail. Wet the nail tissue with Ready Steady Prep JOIA vegan and wipe the natural nails. Allow the nails to dry to a chalky white color. Apply the required coating.

## Gel Polish Remover Bye-Bye Gel JOIA vegan, 150 ml, 500 ml

Bye-Bye Gel JOIA vegan — is a functional gel for removing gel polish. Its unique formula is saturated with active compounds and conditioners that quickly interact with the coating, dissolving it. The gel penetrates the structure of the material and gradually reduces adhesion. The process occurs gradually and does not damage the keratin layer of the nail. The modern composition of the product preserves the health of your nails.

Bye-Bye Gel JOIA vegan — is a guarantee of comfort and effectiveness of removing the coating.

- dissolves the polymerized coating in less than 15 minutes;
- safe, modern composition of the gel;
- does not damage the structure of the natural nail;
- an effective alternative to removing the coating using a milling cutter;
- suitable for both professional and home use.

### Recommendation:

Before using Bye-Bye Gel JOIA vegan, apply Brut Oil 24C JOIA vegan dry oil to the cuticle. This will help create a protective, caring barrier for the skin around the nail.

---

### How to use?

Remove the top layer of the coating using a 180/240 grit file. Apply Brut Oil 24C JOIA vegan to the cuticle. Soak a cotton pad with Bye-Bye Gel JOIA vegan and place it on the nail plate, wrap it in foil. After 10-15 minutes, remove the cotton pad and the remaining material. If the gel polish remains, wrap the nail again and let the Bye-Bye Gel JOIA vegan soak in for a few more minutes. If necessary, carefully remove the residue with a cuticle pusher or an orange stick.

## Easy Slip Solution JOIA vegan, 30 ml

Easy Slip Solution JOIA vegan is the perfect product for fast and comfortable work with polygel. The solution contains alcohol and smoothly levels the polygel, allowing you to create the desired shape and architecture of the nail using modeling materials (polygels).

The ingredients in Easy Slip Solution JOIA vegan make working with polygel extremely convenient: it prevents the material from sticking to the brush and helps create a smooth surface. This product is ideal for experimenting with different nail lengths and for strengthening nails using polygel products.

- Safe formula free from monomers
- Does not irritate the skin
- Pleasant fragrance
- Excellent smoothing effect for polygel
- Effectively cleans brushes

### Recommendation

Avoid using excessive amounts of the liquid, as this may cause the polygel to lift. Keep away from direct sunlight.

### How to use?

Remove the shine from the entire nail surface using a 180-grit buffer or a 240-grit file. Apply auxiliary liquids: Nail Dryer JOIA vegan (dehydrator) and Nail Primer JOIA vegan (acid-free primer). Apply a thin layer of Latex Base JOIA vegan and cure under a UV/LED lamp for 60 seconds. Apply the polygel to the nail, lightly dip the brush into Easy Slip Solution JOIA vegan, then blot it on a lint-free wipe. Smooth the polygel over the nail using dragging motions (tapping with the brush is not recommended). Cure the polygel under a LED lamp for 2 minutes.

# Care

---

## Treatment series JOIA vegan

### CutiCool Hydrating Sorbet 8 ml

Moisturizing care for nails and cuticles. The components in the composition help moisturize nail keratin, heal wounds and cracks. For nails without severe cuticle hyperkeratosis. The product will replace the entire manicure procedure with regular use.

- A pleasant smell and a comfortable creamy texture will make your nails and skin well-kept;
- It is quickly absorbed and does not leave an oily layer on the skin surface;
- It has a build-up effect: with regular use, you can see excellent moisturizing and healthy, well-groomed nails;
- The product is suitable for home and salon care.

---

#### How to use?

Apply a drop of the product to clean hands with a pipette and rub it on the surface of the nail plate and cuticle with massage movements until completely absorbed. For 100 percent results, apply the product 2 times a day for 7-10 days.

## Shiny Strong Top JOIA vegan, 8 ml

Shiny Strong Top JOIA vegan is a top for regular polish that will help create a shiny nail coating. Due to its unique composition, the product will give a spectacular look and long-lasting durability to any color. It will become an indispensable component for a strong everyday manicure. It will prolong the life of the manicure, give a rich color, durability, and hide surface irregularities.

- Ease of application: thanks to the perfect brush with a viscous texture, you can perform an even and accurate application without any extra effort.
- Durability and smoothness of the surface: hides the unevenness of the nail polish application and makes the nail extremely smooth. An important aspect of the product is the protection of the nail plate from damage, which allows you to wear your manicure for a long time in its best form.
- Saturation: adds saturation and shine to any color, thus emphasizing the uniqueness of the shade, adding a glossy effect and helping to keep the manicure bright and long-lasting.

---

### How to use?

Apply a regular nail polish, if desired. Apply a thin layer of Shiny Strong Top JOIA vegan and air dry for 5-7 minutes.

## Nails Second Life JOIA vegan, 8 ml

Is a unique rescue base for nails, created to restore weak, thin, and thinned nails after long-term coatings. Thanks to the presence of silicon in its composition, it provides comprehensive care and restoration for the nail plate. If you want to provide reliable protection for your nails, choose Nails Second Life JOIA vegan. This product will make your nails healthy, smooth and shiny.

- Strengthening of thinning nails: contains AXA acids that help stimulate the birth of new and healthy onychoblasts, which effectively strengthens the nail structure.
- Protection against infections: reliably protects against the penetration of infections through the damaged nail plate, helping to avoid unpleasant complications.
- Restoration and smoothness of the surface: contains MSM (Methyl Sulfonyl Methane), which is a rich source of sulfur. It interacts with nail keratin to strengthen the keratin network and make nails hard. The complex of 3 plant extracts, including Silicon Keratin and Bamboo Extract, helps to restore nail mineralization and regeneration, providing smoothness and filling in irregularities.
- Suitable for weak, thin, and thinly coated nails.

---

### How to use?

#### As a health and wellness complex:

Apply Nails Second Life JOIA vegan by yourself in 2 layers. Air dry the first layer for 1-3 minutes, the second for 5-7 minutes. Apply Nails Second Life JOIA vegan 2 times a week, removing the previous coating with a remover. After 2 months of use, take a break.

#### As a base for colored polish:

Apply 1 layer of Nails Second Life JOIA vegan and air dry for 3 minutes. Apply the polish. Before the next procedure, remove the product with a remover and repeat the application. You will see the result after 2 weeks of use.

---

## Bye-Bye Cuticle JOIA vegan, 15 ml

Cuticle remover. The product cleanses and gently removes rough cuticle particles. The innovative formula prevents the formation of burrs, helps to quickly soften the cuticle, as well as moisturize and condition it.

- Designed for simplified, quick cuticle cleaning;
- The bottle is equipped with an economical dispenser;
- The proven product does not cause irritation, allergies, and is suitable for sensitive skin;
- The cuticle preparation process is comfortable, without unpleasant sensations.

---

### How to use?

Spread evenly over the cuticle surface. After 30-60 seconds, remove the cuticle with a stick. Rinse off the remnants of the product with warm water or a napkin dipped in water.

## Elixir 7in1 JOIA vegan, 8 ml

Is a unique nail and cuticle care complex enriched with active ingredients. The product makes nails strong, smooth, shiny and healthy for a long time. The composition is enriched with active substances: acetyl-methionine and keratin-like peptide, which together complement the keratin of natural nails to strengthen them and prevent brittleness.

- Universal 7-in-1 product that provides complete care, protection and restoration of the nail plate;
- Strength: nail fragility is reduced when applied on a regular basis;
- Protection: provides protection against delamination;
- Smoothing: instantly fills in damaged areas and makes the nail shiny and smooth;
- Moisturizing: restores the natural moisture of nails to keep them healthy;
- Maximizes the natural shine of nails;
- Contains an amino acid that stimulates nail growth;
- Contains vitamin E and violet extract, which has moisturizing, antioxidant and protective properties;
- Enriched with a blend of argan and baobab oils, known for their nourishing properties;
- The wearing period is 7-10 days.

### How to use?

#### As a treatment:

Apply 2 thin layers to clean nails twice a week. Let the product dry for 5-7 minutes.

#### As a base coat:

Apply one coat under your favorite regular nail polish. Let the product dry for 5-7 minutes.

---

## Pink Nail Care JOIA vegan, 8 ml

Is an exclusive pink nail strengthener with glitter, which stands out for its uniqueness and extremely useful properties. Thanks to the special formula, just 2 weeks of use will change your nails beyond recognition! it is a reliable base for regular polish, which provides a long-lasting and healthy coating.

- Strengthening and repairing: specially formulated to improve the condition of naturally thin and exfoliating nails. Due to its powerful composition with a hibiscus component, it fills in the irregularities of the nail plate, strengthens nails, and provides quick recovery.
- Protection against aggressive components of the varnish: An important aspect is the protection of the nail plate from the negative effects of varnishes. You will be able to enjoy a beautiful manicure without worrying about possible damage or nail detachment.
- Glitter for a special shine: The pleasant pink color of the product, decorated with light glitter, adds a pleasant glow and charm to the manicure. can be used as a base for a colored coating or on its own, always staying on trend.

---

### How to use?

#### As a health and wellness complex:

Apply Pink Nail Care JOIA vegan to clean, dry nails in 2 layers, air-drying each layer for 4-5 minutes. After 2-3 days, remove the coating with a remover and repeat the procedure. Use Pink Nail Care JOIA vegan for 3-4 weeks or until the desired result is achieved.

#### As a base coat:

Apply Pink Nail Care JOIA vegan in 1 coat and air dry for 4-5 minutes. Apply a regular polish. Before the next procedure, remove the product with a remover and repeat the application.

## Repair After Gel JOIA vegan, 8 ml

Is a high-tech complex for restoring exhausted and thin nails after gel polish coating. The patented formula is enriched with Methyl Sulfonyl Methane. This is a sulfur-rich nail bonding ingredient that is able to interact with the keratin of the natural nail and strengthen it.

- Helps to thicken the damaged plate;
- Consists of three plant extracts: nettle, horsetail, and bamboo;
- Promotes re-mineralization and restructuring of the nail plate;
- After drying, it gives the nails a beautiful well-groomed gloss;
- The wearing period is 7-10 days;
- Has an excellent consistency and pigmentation that will help create a trendy "old money" manicure.

## Repair After Gel, Nude JOIA vegan, 8 ml

## Repair After Gel, Peach JOIA vegan 8 ml

## Repair After Gel, Pink JOIA vegan 8 ml

---

### How to use?

#### **As an intermediate restorative manicure:**

Apply in 2 coats twice a week.

Let air dry for 5-7 minutes.

Remove the previous coating with an acetone-based product before each new application.

#### **As a base coat:**

Apply in one coat under a lacquer finish.

Allow to air dry for 5-7 minutes.

Remove the previous coating with an acetone-based product if necessary.

#### **Apply in two even coats.**

Allow to air dry for 5-7 minutes.

Remove the previous coating with an acetone-based product if necessary.

---

Bronzer Sun Glow  
JOIA vegan, 8 ml

Bronzer Sun Glow JOIA vegan, 8 ml — golden sand care with a delicate shimmer. The lightness of champagne and the warm touch of sand. A tone that gives nails a "lighting from within" effect and a well-groomed appearance even without varnish.

Bronzer Sand Glow  
JOIA vegan, 8 ml

Bronzer Sand Glow JOIA vegan, 8 ml — honey-caramel care with golden micro-glitter. Gentle, warm, like a ray of sunshine on the skin. Evens out the tone, adds shine and creates a "healthy glow" effect.

---

How to use?

1 layer — for a light, barely noticeable accent.

2 layers — for a pronounced protective coating and depth of color.

You can also apply bronzer on top of your favorite 4in1 color — and it will shine and become stronger.

---

## Serum Peptide Glaze JOIA vegan, 8 ml

Serum Peptide Glaze JOIA vegan, 8 ml — a hybrid product inspired by lip gloss. This is a highly concentrated serum-elixir that instantly visually plumps the nail, making it even, with a matte shine, while working as a powerful strengthener from the inside.

- Instantly improves the appearance of nails, giving them a healthy look and matte finish.
- Prevents brittleness
- Suitable for both women and men to create the effect of well-groomed, "expensive" hands without a visible layer of varnish.
- This product is designed for nails that need "resuscitation" and instant visual renewal.

---

### How to use?

Apply daily to a clean nail.  
Using a brush, apply evenly to the nail plate.  
Allow time for even distribution over the plate and absorption.  
The process of complete absorption requires 5 minutes.

---

## SPF 50+ BASE & TOP JOIA

### JOIA vegan, 8 ml

SPF 50+ BASE & TOP JOIA vegan, 8 ml— is a sun shield for nails with antioxidant action that helps protect keratin from UV damage and external aggressors, keeping nails /stronger, smooth and attractive in appearance.

- Helps protect nails from UVA/UVB damage.
- Prevents UV-induced dullness and brittleness.
- Helps keep keratin looking healthier and stronger.
- Protects against oxidative stress.
- Works as a base, top coat or UV protection for the natural keratin of the nail plate.
- Provides a neat, well-groomed finish.
- Helps reduce UV-induced keratin changes and promotes stronger, more well-groomed nails during sun exposure.

---

#### How to use?

As a base coat: 1 coat under the color.

As a top coat: 1 coat over the top coat.

As a protection: 1-2 coats on clean nails 2 times a week.

---

## Berry Nail Care JOIA vegan, 8 ml

Is a complex of active nail care. It provides strengthening, protection, and moisturizing to maintain healthy nails. The colored anchor plasticizer creates a flexible film that provides exceptional adhesion and maintains color stability. Lip gloss gel technology with increased transparency combined with ultra-shine, created for bright glossy effects, lightly saturated with berry pigment.

- Gives nails a shiny and healthy look;
- Easy to work with consistency;
- Universal: can be applied as a care, color, and finish;
- Dries quickly in 5-7 minutes;
- Well-groomed nails from the very first application;
- Stylish berry color with a lip gloss effect;
- Wearable for 7-10 days.

---

### How to use?

#### As nail care:

Apply Berry Nail Care JOIA vegan in one layer twice a week. Let air dry for 5-7 minutes. Remove before each new application with an acetone-based liquid. As a berry color with a lip gloss effect that enhances shine: Apply Berry Nail Care JOIA vegan in one coat twice a week. Allow each coat to air dry for 5-7 minutes. Remove as needed with an acetone-based liquid.

#### As a three-phase system:

Apply Berry Nail Care JOIA vegan as a base coat, color, and top coat in three coats. Allow each layer to air dry for 5-7 minutes. Remove if necessary with acetone-based liquid.

---

## Super Bond Finish JOIA vegan, 8 ml

Professional hybrid hypoallergenic nail polish that provides seven days of durability. The finish has a breathable formula with a unique complex that cares for keratin, jojoba oil, and vitamin E for effective nail care. The uniqueness of the product after application is that under the influence of daylight, the coating becomes quite durable and tough, which prolongs its wear time. Suitable for covering colored nail polish as a finish. It adheres to the nail surface without an additional base coating.

- Hypoallergenic 7-Free formula;
- Coating durability for more than 7 days;
- No base coat or UV lamp required.
- Excellent adhesion and radiant shine;
- Super-fast drying time;
- Chip-resistant;
- Does not fade;
- ProLight technology: exposure to natural light increases durability;
- Easily removed with regular acetone-based nail polish remover.

---

### How to use?

Do your manicure and make sure your nails are thoroughly cleaned.

Be sure to shake the bottle of JOIA vegan Super Bond Finish well for uniformity and easy application.

Apply one or two thin coats of finish to your nails.

Allow to air dry for 5-7 minutes.

---

## Dry oil for nails and cuticles

### Brut Oil 24C JOIA vegan, 8 ml, 15 ml

Brut Oil 24C JOIA vegan - dry vitamin oil for nail and cuticle care, which is saturated with 24 carat gold. This is a godsend for the modern master, because the product is instantly absorbed and does not leave an oily layer, which is important for saving time when creating visual content for social networks.

- Provides an effective moisturizing effect
- Softens the skin, promotes its regeneration and slows down the aging process
- Restores the nail plate, helping to grow long and healthy nails
- The presence of 24 carat gold in the composition of the product stimulates the production of collagen and brightens the skin of the hands
- Deep penetration of the product into the structure of the skin and nail provides a cumulative care effect
- Heals, prevents the appearance of cracks and burrs
- The oil is quickly absorbed and does not leave a greasy layer

---

#### How to use?

##### As the final stage of the nail procedure.

Apply Brut Oil 24C JOIA vegan to the cuticle. Distribute the product with massaging movements.

##### Before covering.

Perform a hardware manicure. Spread Brut Oil 24C JOIA vegan over the surface of the cuticle and nail with rubbing movements. Polish the cuticle and side ridges with a corundum bit to smooth the skin and give it a radiant, hydrated look. In case of the next application of gel polish materials, be sure to wipe the nail plate with a degreasing liquid.

##### For pedicure.

Apply Brut Oil 24C JOIA vegan on the surface of the foot with massaging movements. Polish the skin with a milling cutter or pododisc.

---

## Nail Therapy JOIA vegan, for strengthening brittle and splitting nails, 15 ml

Nail Therapy JOIA vegan is made from high-quality ingredients of exclusively vegan composition. It gives beauty and vitality to nails without harming nature and animals.

The innovative formula is enriched with a unique extract of Alpine rose leaves, which impresses with its concentrated power. The product takes excellent care of your nails, preventing their damage. Thanks to its active ingredients, it effectively slows down the process of keratin destruction, which is responsible for the strength of the nail plate.

- Helps to restore and strengthen nails
- Prevents brittleness
- Accelerates the rapid growth of healthy nails
- Improves the texture of nails, making them smooth and pleasant to the touch
- High quality formula developed using the best ingredients that are most beneficial for your health
- Easy application

---

### How to use?

Apply as a base or as a standalone foundation. Repeat the application weekly for a month.

---

## Vitamin complex Calcium Complex JOIA vegan, 15 ml

Calcium Complex JOIA vegan is an innovative product designed specifically for those with weak, thin and problematic nails. The powerful formula of the product contains a combination of vitamins and calcium, which help to strengthen the nail plate and improve the quality of its structure.

- Strengthens the nail plate, providing an optimal level of calcium in the keratin structure of the nail
- Stimulates the growth of healthy nails
- Improves the structure of the nail plate
- Prevents fragility and delamination
- Can be used both in the salon and at home

**How to use?** Apply as a base or as a standalone coating.

## Quick-drying top for polish 30 Seconds Top JOIA vegan, 15 ml

30 Seconds Top JOIA vegan penetrates all layers of the polish, providing maximum adhesion and quick drying.

- The product provides instant drying of the polish
- Due to its unique composition, it strengthens the coating, protects against chips and rapid abrasion of the varnish
- Long-lasting shine
- Absolutely safe for use and does not contain any harmful substances
- Quick application. A convenient applicator allows you to distribute the product evenly and effortlessly
- Universal. Suitable for any type of polish and can be used at home or by professional manicurists.

**How to use?** Apply 1-2 coats to the polish. Wait until it is completely dry.

## Velvet Touch Cream JOIA vegan, Toffee latte

JOIA vegan Velvet Touch Cream, Toffee latte hand care cream is a vegan, eco-friendly and effective product for deep hydration and protection of the skin.

The incredible aroma of coffee and caramel will become an indispensable assistant for the master and the client both in the cold season and in the heat, because our skin always needs protection and hydration.

The cream has a weightless texture, is quickly absorbed, without leaving a greasy film or stickiness, and gives the skin a salon look without effort!

- 
- Vegan hypoallergenic formula without animal ingredients.
  - Suitable even for sensitive skin.
  - Deep hydration and nourishment – active ingredients help restore dry and damaged skin.
  - Protective barrier – prevents the negative impact of aggressive factors (water, disinfectants, dust).
  - Aesthetic and convenient packaging.
  - The perfect end to the procedure – nourishment and protection of the client's hands after the manicure.
  - Does not interfere with work – does not leave greasy marks, which is important when working with tools.
  - Exclusive care – increases the level of service in the salon through the use of premium care products.
  - Suitable for all skin types.
  - Home care option – clients can purchase a cream from a master, maintaining the effect salon care at home.

---

## Nail care polish 4in1 JOIA vegan

Nail Care Polish 4in1 is a colored nail polish with a breathable system that provides restoration, care, flawless color and a glossy finish for up to 10 days. Nails become stronger with each application! This is a long-lasting gloss, natural ingredients, and effective care without compromise!

Nail Care Polish 4in1 contains special fixing materials, thanks to which the color will last for a long time, despite mechanical work and contact with water.

- Has a healing and caring effect
- Lasts up to 10 days without chipping
- Luxurious shades, rich pigment, even application
- Modern breathable hypoallergenic formula made from natural ingredients
- Does not have a pungent odor
- Suitable for both professional and home use
- Has a firming and protective effect

### How to use?

For nails that were previously coated with gel polish, make a substrate with Calcium Complex JOIA vegan to create a protective film.

Apply Nail Care Polish 4in1 JOIA vegan to the cleaned nail plate in a thin layer.

It can be applied in one or two layers. Drying time between the first and second coats is at least 4 minutes. Complete drying time is 7-10 minutes.

Can be overlaid with a top coat.

## Perfect Match JOIA vegan

Perfect Match Set by JOIA vegan is a duo of a care polish and a gel polish, harmoniously matched by shade and designed for both everyday and professional use.

It's ideal for both manicures and pedicures, especially in podiatric treatments where hygiene and gentle care are essential. The gel polish provides long-lasting wear on hands, while the care polish is perfect for delicate toenail coverage after podiatric procedures, without overloading the nail plate.

The set includes:

- JOIA vegan Gel Polish, 6 ml
- JOIA vegan Nail Care Polish 4in1, 8 ml
  - a colored nail polish with a breathable formula that delivers restoration, care, flawless color, and a glossy finish that lasts up to 10 days.

### Set 002 Perfect match JOIA vegan, Bubble Gum

### Set 001 Perfect match, White

- Convenience: no need to match two separate products by shade
- Care polish offers cumulative benefits: protection, repair, base, color, and top coat in one
- Suitable for both home and professional use
- The polish is gentle and easy to remove, making it safe even for children

## Manicure cleansing foam

Manicure Cleansing Foam - is a care foam soap for the final stage of manicure. This is an innovative product designed for comprehensive cleansing of the nail plate and skin after a manicure procedure.

The foam formula delicately removes dust and dirt residues without disturbing the skin's hydro-lipid balance. Due to its light texture, the product provides a cream-like moisturizing and care effect.

- Weightless texture
- Does not require special preparation, the application process does not take much time
- Increases customer loyalty
- Perfect completion of the manicure process
- Cleanses, moisturizes, and cares without leaving greasy residue
- Ideal for preparing nails for photo and video shooting, providing a flawless look
- Gives a pleasant aroma and a silky feeling

### How to use?

After performing a manicure procedure, press the indicator, apply a little Manicure Cleansing Foam JOIA vegan to the skin of your hands.

Spread evenly over the entire surface with gentle massage movements.

Gently wipe your fingers with a lint-free cloth, removing the remaining product.

Use before taking photos or videos for smoothness and even skin tone.

# BASE COATS

## Base coats

- Perfect elasticity and plasticity of the material
- Extremely strong adhesion to the nail plate of any type and the next layer of gel polish coating
- Fast polymerization, do not hurt in a lamp
- Do not injure and strengthen the nail plate
- Do not spread
- Long wearing time without chipping, peeling or cracking

### Magic Cat Base JOIA vegan

- Excellent elasticity and plasticity of the material;
- Medium consistency and self-leveling properties;
- High pigmentation;
- Saturated with a large number of silver metallic particles, which creates an overflow;
- Beautiful "cat's eye" effect replaces the full-fledged design;
- Strong adhesion: extra strong adhesion to the nail plate of any type and the next layer of gel polish coating;
- Fast polymerization, does not burn in the lamp;
- Does not injure the nail plate;
- Long wearing time without chips, peeling, and cracks with preservation of shine and color.

### Camouflage base Magic Cat Base, Shades of gray JOIA vegan, 8 ml

### Camouflage base Magic Cat Base, Angel peach JOIA vegan, 8 ml

---

Camouflage base Magic Cat Base,  
Rose charm JOIA vegan, 8 ml

Camouflage base Magic Cat Base,  
Sparkle nude JOIA vegan, 8 ml

---

### How to use?

Prepare the nail plate and apply auxiliary liquids: Nail Dryer JOIA vegan and Nail Primer JOIA vegan. Apply a very thin layer of UV/LED Latex Base JOIA vegan. Polymerize in the LED lamp for 60 seconds. Spread one thin layer of Magic Cat base JOIA vegan evenly. Use a magnet to create a tightening effect of the cat's eye. Polymerize for 60 seconds in LED lamp / 120 seconds in UV lamp. Top with Aqua Gloss Top JOIA vegan.

---

## Latex Base JOIA vegan, 8, 15, 50 ml

- Excellent leveling of the surface
- Conceals imperfections of the nail plate
- It has an elastic, comfortable texture that is easily distributed in an even layer
- The transparent base is suitable for fragile nail plates
- Does not create excess volume
- Prevents premature chipping or delamination
- Economy. One bottle is enough for a long time!

## Smart Base JOIA vegan, 8 ml

- Suitable for short nails, pedicures, and clients who have had allergic reactions
- Elastic and resilient
- Medium viscosity consistency
- Quickly self-leveling
- Low temperature
- Reliable and wear-resistant
- Guarantees no chipping or peeling for 3 weeks
- Not suitable as a base coat for long nails or extensions, as this base coat is low in acidity

---

### How to use?

Apply a thin layer of UV/LED Latex Base JOIA vegan, polymerize in a 48W LED lamp for 60 seconds. The product has a sticky layer

### How to use?

Apply a thin layer of UV/LED Latex Base/Smart Base JOIA vegan, polymerize in a 48W LED lamp for 60 seconds. The product has a sticky layer.

## Tape Base Gel JOIA vegan

Tape Base Gel JOIA vegan — vegan is an innovative single-phase nail coating, a low-temperature gel base with a transparent texture of medium consistency that does not require a base coat. The product is designed to fix and level deformed nails, providing quick untwisting of the natural nail plate.

- Properties of base and gel in one bottle.
- Suitable for hypersensitive nails.
- Creates perfectly smooth natural nail architecture.
- Minimizes the risk of twisting or bending the natural nail plate.

## Content Base JOIA vegan

Content Base – is a safe base for short-term manicures that is easy to apply, provides even coverage and creates a smooth base for nail design. Perfect for practicing manicure techniques for beginner masters or creating content. Just a few minutes - and the manicure is ready, and it's also easy to remove!

- Ideal for practicing manicure techniques and creating content.
- Evenly distributed.
- Compatible with any gel polish materials.
- Safe, as it does not penetrate the nail structure and does not injure it.
- Removable without special tools.
- Peels off easily.

### How to use?

Perform standard nail preparation using Nail Dryer JOIA vegan and Nail Primer JOIA vegan. Apply UV/LED Content Base JOIA vegan, avoiding skin contact to prevent peeling. Allow to air dry for 10 minutes. Add a color coat or create your desired design. To remove the base, gently pry it off with an orange stick or wipe your nails with a degreaser.

## BB cream base JOIA vegan

- Comfortable consistency
- Evenly distributed and does not spread
- Self-leveling
- Has dense pigmentation
- Conceals the imperfections of the nail plate, like a real BB cream

- Ideal for solid color coverage or trendy designs!
- Perfect for hybrid combinations of techniques, namely the technique of stretching from the cuticle area to the end of the finished frame of the reinforced free edge, works as an adhesive in the cuticle area
- Delicate shades. This color will be appreciated by lovers of nude-style manicures

### How to use?

Before using the camouflage base, apply a thin layer of UV/LED Latex Base JOIA vegan on the prepared nail plate and polymerize.

Apply UV/LED BB cream base JOIA vegan, polymerize for 60 seconds. Polymerization of each layer in a 48W LED lamp is mandatory.

**GEL**

# Liquid gel for strengthening and modeling

## PolyLiquid gel - 2 in 1 gel and base

- Safe 11 FREE formula
- Universal material that does not require a base
- coat in classic situations (in the case of thin, damaged nails, it is recommended to use JOIA vegan Latex base)
- Maximum adhesion
- Extra-strong coating thanks to silicon in the composition
- No unpleasant sensations during polymerization
- Medium viscosity consistency
- Flawless self-leveling
- Great for techniques without filing
- No shrinkage
- No strong odor
- Base plasticity and gel strength in one bottle
- Suitable for thin and problematic nails
- Wide range of functions (surface leveling, nail strengthening, repair, corner extension)
- Significantly reduces the time spent on coating

### How to use?

Prepare the nail plate and apply auxiliary liquids: JOIA vegan Nail Dryer and JOIA vegan Nail Primer. Apply a thin layer of JOIA vegan Latex Base to prevent peeling.

Cure in an LED lamp for 60 seconds. Apply a layer of JOIA vegan UV/LED PolyLiquid Gel using the smoothing technique, cure for 60-120 seconds in an LED lamp.

If necessary, remove the dispersion layer and

file. Apply JOIA vegan gel polish / create your design / cover with JOIA vegan top coat.

# Modeling gel

## Polygum gel JOIA vegan

This product will be an excellent assistant to nail technicians in creating a strong bond between the nail plate and gel tips. The consistency of Polygum Gel JOIA vegan gum gel allows you to fix the top forms without any effort. The gel does not leak, when using it, you do not need to fix the upper form on the nail, it is enough to install it and immediately send it to the lamp for complete polymerization. Express nail extension becomes really fast with Polygum Gel JOIA vegan! Create volumetric designs in Korean and Japanese styles or add dry pigments, glitter, and dry decor to get creative designs.

- Does not require the use of degreasing liquids
- Thick and elastic consistency, does not flow
- After polymerization, it repeats the naturalness of the plates
- Suitable for express extensions, saves time
- Ideal for volumetric designs
- Helps to fix gel tips on the top molds
- Opens up unlimited space for creativity

### Recommendations:

At air temperatures above 24 °C during prolonged formation of 3D designs in the hands, the Polygum material may stick to the gloves. To avoid sticking, we recommend pre-cooling the material or using the auxiliary liquid Slip Solution.

---

### How to use?

Prepare the nail plate and apply auxiliary liquids: JOIA vegan Nail Dryer and JOIA vegan Nail Primer. Apply a thin layer of JOIA vegan UV/LED Latex Base. Cure in an LED lamp for 60 seconds. Apply a small amount of JOIA vegan UV/LED Polygum Gel to the brush. Form a ball with a spatula or orange stick and place it in the upper mold. Distribute the material over the mold with an orange stick or brush. Apply the mold/tips to the surface of the natural nail, remove excess material outside the mold, and cure in an LED lamp for 90 seconds. Polish. Apply JOIA vegan gel polish / create a design. Cover with JOIA vegan top coat. Cure in an LED lamp for 60 seconds.

## PolyMousse Gel JOIA vegan

PolyMousse Gel JOIA vegan — is a mousse acrylic gel, a true flagship in the world of materials for masters. It combines the best: the ease of working with gel and the strength and reliability of acrylic. This is a material that sets standards - it is created so that masters work faster, more confidently and with maximum satisfaction from the result. Due to its thixotropic consistency, the gel does not spread and works only under the brush. The material formula has a low exothermic reaction.

- Low-temperature polymerization - helps to avoid thermal burns during work.
- Mousse-like thixotropic consistency - does not spread, works only under a brush, makes it possible to easily model without haste;
- High strength and elasticity - holds its shape perfectly, does not crack.
- Minimal shrinkage after polymerization - the coating remains stable and smooth.
- Perfect architecture even on problem nails - easily creates the correct bend and apex.
- Convenient filing and economical consumption - comfortable work for the master.
- Compatibility with all gel polish systems - universal in use.
- Wear resistance up to 4 weeks - without peeling and loss of shine.

Berry Muse, 15 ml, 50 ml

---

#### How to use?

1. Prepare the nail plate (degreasing, primer, base).
2. Taking a drop of material on a brush, evenly distribute PolyMousse Gel JOIA vegan over the surface.
3. Polymerization: LED 48W — 60 sec. / UV 36W — 120 sec.
4. File as needed and cover with JOIA vegan top.

---

## Jelly Sculpt Gel JOIA vegan

A gel with a unique jelly consistency that does not flow, while being easy to level with a brush and allows you to create the perfect nail architecture with minimal filing. This special gel will cope with nail extension and correction, modeling for upper or lower shapes, restoring the architecture of the nail plates, and repairing the corners. An indispensable item for every nail technician! Thanks to the viscous and thick consistency of Jelly Sculpt Gel JOIA vegan, nail modeling will be easy and fast even for beginners. And the pigmented saturated colors of stylish shades will perfectly cover the natural nail plate, making it even easier to work with the gel.

- Thick viscous consistency.
- Dense pigmentation that covers the free edge;
- Does not cause burning in the lamp.
- Perfectly holds the arch and does not deform.
- Versatile: suitable for extensions on the upper and lower forms, strengthening, modeling of complex shapes, and correction.
- The material is partially thixotropic, remembers all actions with minimal movements, and may lose its clear contours with active use.
- Pigmented shades cover the natural nail plate well.
- Minimal dusting.
- Does not shrink.

### How to use?

Prepare the nail plate and apply the auxiliary liquids: Nail Dryer JOIA vegan and Nail Primer JOIA vegan. Apply a thin layer of UV/LED Latex Base JOIA vegan. Polymerize for 60 seconds in an LED lamp. Set the shape (if necessary), apply UV/LED Jelly Sculpt Gel JOIA vegan, creating the desired shape and length. Polymerize for 60 seconds in an LED lamp. Apply a second layer of UV/LED Jelly Sculpt Gel JOIA vegan using the leveling technique, creating the desired nail architecture. The thickness of the end is at least 1 mm. Polymerize for 60 seconds in an LED lamp. After hardening, file the free edge and remove dust with a degreaser. Apply JOIA vegan gel polish / design / cover with JOIA vegan top.

## Creamy Builder Gel JOIA vegan

Creamy Builder Gel JOIA vegan —professional gel system for nail modeling with exceptional self-leveling properties.

- Multifunctional material: strengthening, building up, creating flawless architecture, lengthening the nail bed, use in “no-file” techniques.
- Comfortable consistency and instant self-leveling.
- Holds the transverse arch perfectly and does not sag in the process polymerization.
- Dries perfectly in a lamp.
- No foreign odor.

Apply a second layer of UV/LED Universal Builder Gel JOIA vegan using the leveling technique, creating the necessary nail architecture. Cure for 60 seconds in an LED lamp.

If necessary, file and remove dust with a degreaser.

Apply JOIA vegan gel polish / apply design / cover with JOIA vegan top coat.

# Polygel

## PolyAcrylatix Gel JOIA vegan

This is a kind of symbiosis of gel and acrylic, which combines all the best qualities of modeling materials! This polygel is plastic and has a paste-like structure, which makes it extremely convenient and comfortable to work with. The material easily creates extra strong extensions of various lengths, and is also ideal as a construction material for the design of any nail shape. PolyAcrylatix Gel JOIA vegan is your favorite polygel for comfortable and effective modeling!

- Safe composition with no liquids or impurities that can cause allergies
- Extra strong adhesion
- Dense consistency, does not spread during application
- Fast modeling in one step
- Complete polymerization
- Perfectly models any length of nails
- Plastic material is suitable for arch filing
- Odorless
- Does not pull on the brush
- Soft and easy to file (file 180-150 grit)
- Polymerization only in a UV/LED lamp, unlike acrylic
- Minimal dispersion
- Perfectly holds the shape of a drop when applied to the surface with a brush dipped in Cleanser

## PolyAcrylatix Gel JOIA vegan, Peach Nude, 15, 50 ml

## PolyAcrylatix Gel JOIA vegan, Clear Charm, 15, 50 ml

**TOPS**

JO

## Tops

### Glossy top.

#### Aqua Gloss Top JOIA vegan, 8, 15, 50 ml

- Evenly and easily distributed over the nail plate, does not flow
- Comfortable consistency of medium viscosity
- Minimal consumption of material
- Elastic and wear-resistant
- Durable coating without cracks and chips
- Protects the coating from mechanical damage
- Maintains a bright and intense color for a long time
- Creates the effect of «wet gloss» and does not leave a stickiness

#### How to use?

Apply a thin layer of UV/LED Aqua Gloss Top JOIA vegan, polymerize in an LED lamp for 60 seconds.

### Matte top.

#### Soft Touch Top JOIA vegan, 8, 15 ml

- After polymerization, it leaves a flawless velvety coating thanks to the fine particles of acrylic powder
- The strength of the manicure without cracks and chips
- The innovative formula of the top preserves the integrity of the coating for up to 3 weeks
- Extra elastic and resilient
- Pleasant to the touch, with a velvet effect
- Protects the coating and color from mechanical damage, chipping and premature delamination
- Gives a basic shade of intensity that does not fade for a long time

#### How to use?

Apply a thin layer of UV/LED Soft Touch Top JOIA vegan. Polymerize the material for 120 seconds in a 48W LED lamp.

---

## Glossy top Smart Top No Wipe 8 ml

Smart Top JOIA vegan - is a top coating with a safe composition and a long-lasting "liquid glass" effect

- Perfect manicure completion: compatible with gel polish coatings
- Resistance: protection against cracks and chips, provides a durable coating
- Economical: easy to apply in a thin layer
- No pungent odor
- Long-lasting shine: creates the effect of "liquid glass"
- Correction of imperfections: hides scratches and irregularities
- No sticky layer: perfect surface without residue
- Free of UV filters: natural formula for healthy nails

---

### How to use?

Apply a thin layer of UV/LED Smart Top overlapping the color layer by 0.5 mm. If necessary, add a drop for uniformity. Polymerize in the lamp for 60-90 seconds.

## Top with holographic mica. Mica Gloss Top JOIA vegan, 8, 15 ml

- Medium degree of viscosity
- Elastic consistency
- The presence of a UV filter
- Speeds up the design creation process
- Small particles of holographic mica create a wow effect on the nails
- No sticky layer
- Protects the coating from chips and scratches
- Has a beautiful gloss
- Looks great on both light and dark shades

### How to use?

Apply a thin layer of UV/LED Mica Gloss Top JOIA vegan on top of the polymerized gel polish / camouflage base/gel. Dry for 90 seconds in a 48W LED lamp or 3 minutes in a UV lamp.

## Top with a UV filter UV Stop Top JOIA vegan, 8, 15 ml

- Protects light colors from yellowing
- Keeps neon shades saturated, prevents discoloration / fading
- An ideal choice for a French manicure
- Elastic material of medium viscosity
- Gives the coating additional stability
- Strengthens the surface, prevents the appearance of chips, cracks, scratches
- Flawlessly distributed over the nail plate
- Creates perfect highlights
- Saves time, as it does not have stickiness
- Does not flow to the side rollers
- Does not sag after polymerization

### How to use?

Apply a thin layer of UV Stop Top JOIA vegan on the polymerized layer of gel polish / camouflage base / gel. Dry for 60 seconds in a 48W LED lamp or 2 minutes in a UV lamp.

## Glossy top with hundreds of delicate holographic hexagons Party Mix Top JOIA vegan, 8 ml

- Comfortable consistency of medium viscosity.
- Impressive with super gloss and stylish accent elements.
- Density of application of decorative particles chooses the master himself, independently adjusting adjusting desired end result.
- Reliably protects against chips, cracks, scratches.
- Protects the color of the coating from fading.
- Contains a neutral odor.
- Does not burn during polymerization.
- Maintains design stability for 3-4 weeks.
- Does not spread.
- Transparent with holographic hexagons.
- Looks spectacular on nails.
- Aligns the nail plate, makes it smooth.
- It does not have a dispersion layer, which saves the craftsman's time.

## Glossy top with a scattering of multi-colored hexagons My Crush Top JOIA vegan, Summer Hit, 8 ml

- Comfortable consistency of medium viscosity.
- Impressive with super gloss and stylish accent elements.
- The density of application of decorative particles is chosen by the master himself, independently adjusting the desired final result.
- Reliably protects against chips, cracks, scratches.
- It has a UV filter and protects the color of the coating from fading.
- It does not have a dispersion layer, which saves the craftsman time.

### How to use?

Apply a thin layer of My Crush Top JOIA vegan on the cured layer of gel polish / camouflage base / gel.

Cure for 60 seconds in a 48W LED lamp or 2 minutes in a UV lamp.

## Camouflage tops

---

### Camouflage Top JOIA vegan

This is a top and color coating in one bottle that has excellent protective properties, perfectly self-leveling, and has a "veil" effect on the nails, creating a unique tenderness. With this top, the manicure will remain strong and beautiful for a long time. The nail master can adjust the density of the top application, giving the nails a weightless or more intense "veil" effect. Camouflage Top JOIA vegan is also perfect for adding creative designs in various techniques, such as stamping.

- Has a medium viscosity consistency
- Excellent self-leveling properties
- 2 in 1 - top and color in one bottle
- Does not turn yellow after polymerization
- Gives the manicure extra durability
- Reliably protects against damage
- Creates a veil effect on a transparent coating
- Application density can be adjusted
- A great base for designs
- Saves time because it has no sticky layer

### Camouflage Top JOIA vegan, Milk Dream, 8 ml

### Camouflage Top JOIA vegan, Peach Mist, 8 ml

## Camouflage Top JOIA vegan, Rose Petal, 8 ml

## Camouflage Top JOIA vegan, Dusty Pink, 8 ml

### How to use?

Remove the gloss from the entire surface of the nail with a 180 grit buffer or a 240 grit file, cover it with Nail Dryer JOIA vegan dehydrator and acid-free Nail Primer JOIA vegan. Apply and polymerize a thin layer of Latex Base JOIA vegan. Dry in a UV/LED lamp for 60 seconds. Apply JOIA vegan gel polish as desired and polymerize in a 48 W LED lamp for at least 60 seconds. Apply a thin layer of UV/LED Camouflage Top JOIA vegan on the polymerized layer of gel polish/camouflage base/gel. Dry for 90 seconds in a 48W LED lamp or 120 seconds in a UV lamp.

---

## Shimmer Top Coat JOIA vegan

Shimmer Top Coat JOIA vegan - is a professional top coat that combines long-lasting manicure protection with a delicate shimmering effect. Thanks to their high-quality composition, they provide long-lasting shine, enhance color depth, and create a delicate glow.

### Camouflage Top JOIA vegan, Rose Fizz, 8 ml

---

### How to use?

Remove the gloss from the entire surface of the nail with a 180 grit buffer or a 240 grit file, cover it with Nail Dryer JOIA vegan dehydrator and acid-free primer Nail Primer JOIA vegan. Apply and polymerize a thin layer of Latex Base JOIA vegan. Dry in a UV/LED lamp for 60 seconds. Apply JOIA vegan gel polish as desired and polymerize in a 48 W LED lamp for at least 60 seconds. Apply a thin layer of UV/LED Camouflage Top JOIA vegan on the polymerized layer of gel polish/camouflage base/gel. Dry for 90 seconds in a 48W LED lamp or 120 seconds in a UV lamp.

Camouflage Top JOIA vegan,  
Frosted lilac, 8 ml

## Cushion JOIA vegan Air Cushion Pat Painting Gel, white, 2 g

Air Cushion Pat Painting Gel JOIA vegan — 5 in 1 white gel paint with an innovative texture dispenser for flawless design! This is a new level of control and ease in nail design. It is created for those who value quality, precision and freedom in creativity.

Air Cushion Pat Painting Gel JOIA vegan — 5 in 1: dense white coating, smooth gradient, clear stamping, thin painting and a perfect base for rubbing.

- Mousse mud texture — extremely dense, creamy and plastic. Ideal for fine lines, ombre shading and artistic painting.
- Universal 5-in-1 material saves money and time.
- Air Cushion dispenser with a mesh - ensures hygienic and economical use of the product. It is convenient to draw the right amount without excess.
- Super-pigmented formula - deep, saturated color from the first layer.
- Alcohol resistance. After polymerization - does not fade or dissolve.
- Does not spread, keeps the shape of the smear;
- No sticky layer after polymerization.
- Suitable for both thin brushes and applicators.

---

### How to use?

Prepare the nail plate, apply JOIA vegan base coat and cure in a lamp.

Using a brush or applicator, take the gel polish through the dispenser mesh.

Apply the gel polish to the nail plate in one or more layers - depending on the technique.

Cure each layer in an LED lamp - 30-60 seconds.

If necessary, cover with JOIA vegan top coat.

Consumption of JOIA vegan materials for gel polish manicure

| Name                                     | Volume, ml | Material consumption per 1 procedure, ml | Number of procedures |

- Brut Oil 24C JOIA vegan – dry vitamin oil for nail and cuticle care, infused with 24-karat gold, 8 ml
- Optimally formed set of materials
- Lightweight, portable mini lamp is convenient and compact to use
- Guarantee of long-term coverage, because there is no conflict of materials
- Saves time and money searching for the perfect products, because the most essential basic quality materials are already in one place

Choose the JOIA vegan Easy Start Kit and break into the world of flawless and comfortable coating without any extra effort!

## PolyAcrylatix Gel Nail Kit JOIA vegan

The set for quick and easy extension of different lengths, modeling the perfect architecture of the nail plate, and for drawing any nail shape

- Contains high-quality vegan products with a safe composition that provide a long-lasting coating without chips and cracks
- Affordable and easy to use
- Helps to create a comfortable and fast extension for nails of different shapes and lengths
- Time saving: all the necessary materials are collected in one place
- A universal brush is suitable for various stages of work
- The stylish look of the set can serve as a great gift

### The set includes:

Latex Base JOIA vegan, 8 mL, Aqua Gloss Top JOIA vegan, 8 mL, PolyAcrylatix Gel JOIA vegan 15 mL, Easy Slip Solution JOIA vegan, 30 mL, Double-sided brush for gel and design JOIA vegan, Reusable top molds for extensions JOIA vegan.

### How to use?

Remove the gloss from the entire surface of the nail with a 180 grit buffer or a 240 grit file, cover it with Nail Dryer JOIA vegan dehydrator and acid-free Nail Primer JOIA vegan. Apply and polymerize a thin layer of Latex Base JOIA vegan. Dry in a UV/LED lamp for 60 seconds. Apply JOIA vegan gel polish as desired and polymerize in a 48 W LED lamp for at least 60 seconds. Apply a thin layer of UV/LED Camouflage Top JOIA vegan on the polymerized layer of gel polish/camouflage base/gel. Dry for 90 seconds in a 48W LED lamp or 120 seconds in a UV lamp.

## Universal Builder Gel JOIA vegan

The set includes the iconic Universal Builder Gel JOIA vegan. And its aesthetically beautiful packaging won't leave anyone indifferent.

- Cruelty-free
- Safe, hypoallergenic formula
- Not tested on animals
- Excellent self-leveling
- Medium-viscosity texture that smoothly follows the brush
- Flexible and easy-to-work consistency
- Ideal for sculpting short extensions with minimal filing
- Wide color palette

### The set includes:

UV/LED Universal Builder Gel JOIA vegan, Rosy Dream 01 – dusty pink shade UV/LED Universal Builder Gel JOIA vegan, Lilac Whisper 02 – milky lilac shade UV/LED Universal Builder Gel JOIA vegan, Cotton Blush 03 – light pink shade UV/LED Universal Builder Gel JOIA vegan, Caramel Kiss 04 – peachy beige shade UV/LED Universal Builder Gel JOIA vegan, Sunny Peach 05 – peach shade UV/LED Universal Builder Gel JOIA vegan, Ivory Mist 06 – creamy white shade UV/LED Universal Builder Gel JOIA vegan, Marshmallow Nude 07 – milky beige shade UV/LED Universal Builder Gel JOIA vegan, Sweet Peony 08 – milky pink shade

---

### How to use?

Prepare the nail plate and apply the prep liquids: Nail Dryer JOIA vegan and Nail Primer JOIA vegan. Apply a thin layer of UV/LED Latex Base JOIA vegan. Cure for 60 seconds in an LED lamp. Apply a thin layer of UV/LED Universal Builder Gel JOIA vegan, forming the desired shape and length (1.5–2 cm for extensions). Cure for 60 seconds in an LED lamp. Apply a second layer of Universal Builder Gel JOIA vegan using the leveling technique to build the nail architecture. Cure for 60 seconds. If needed, file and remove dust with a cleanser. Apply JOIA vegan gel polish, create a design, or finish with a JOIA vegan top coat.

## Double-sided brush for gel and design JOIA vegan

The JOIA vegan double-sided brush is a stylish and practical tool created specifically for professional manicurists.

Save time, money and effort with the JOIA vegan double-sided brush!

Its delicate pink design not only adds aesthetics to the workflow, but also makes the accessory easily recognizable among other tools.

- 2 in 1 combination of two types of bristles allows you to work with different materials and techniques, saving money and time.
- Thin elastic bristles - ideal for frenching, drawing lines, detailing designs and auxiliary alignments.
- Flat oval bristles - convenient for modeling with gels, gel-jelly and bases, provides controlled and even application.
- Protective caps: reliably protect the bristles from dust and ultraviolet rays, extending the service life of the brush.
- Compact and portable: the convenient format allows you to always have the tool at hand - both in the salon and during field work.
- Vegan quality standard: made without animal components, it complies with the JOIA vegan philosophy of caring for people and the world.

## Reusable top molds for extensions JOIA vegan, 100 pcs

Super thin, transparent, elastic upper forms that allow you to model the perfect nail shape. Provide a comfortable fit on the nail and optimal thickness of the extended free edge. The size of the upper form from 1 to 10 and clear markings make the modeling process quick and efficient. Such molds greatly simplify the work of the nail master, because in half an hour you can easily create the perfect express extension! One package is enough for up to 45 procedures.

- The package contains 100 pieces of top molds, 10 pieces of each size
- Easy to use and comfortable fit on the nail
- Provide an effective modeling process due to the size of the upper mold from 1 to 10 and clear markings
- Thin and elastic material
- Versatility: suitable for gel, acrylic, acrylic gel, and polygel extensions
- Saves time and money for the nail technician, because one package will last for a long time

### Recommendations:

Keep out of the reach of children. Do not scratch.

### How to use?

Perform standard nail preparation (degreasing, applying primer). Choose the appropriate size of the top mold. Using a spatula brush, apply the required amount of material to the upper mold, spread it evenly. Place the upper mold with the material on the nail plate and press it down. Dry in a UV/LED lamp. The polymerization time in a UV/LED lamp is 60 seconds, in LED lamp - 90 seconds. When working with acrylic systems, the material dries in the air. Remove the top mold in a convenient way. File the free edge of the nail to give the desired shape.

## Reusable Upper Nail Forms JOIA vegan

Super-thin and elastic upper arch shapes allow you to model nails of different lengths, creating perfect shapes: ballerina, arched almond, oval, and square. The shapes provide a comfortable fit to the nail and an optimal thickness of the extended free edge. The shapes are available in 12 sizes, from 0 to 11, and clear markings allow for quick and efficient modeling. Additionally, there is a marking for installing molds, which speeds up the process of creating a statement jacket. Each upper mold is designed for a large number of procedures.

- Ultra-thin;
- Perfect arched and longitudinal arches;
- Updated modern markings that allow you to meet more needs in the method of arch modeling;
- Minimal cutting;
- Ease of use;
- Ideal for working with gel, acrylic, acrylic gel and other hard materials.

### How to use?

Perform standard nail preparation (degreasing, applying primer). Choose the appropriate size of the top mold. Using a spatula brush, apply the required amount of material to the top mold, spread it evenly. Place the upper mold with the material on the nail plate and press it down. Perform intermediate drying for adhesion of the material using the JOIA vegan LED lamp. Dry the material completely in a UV/LED lamp. The polymerization time in UV/LED lamp is 60 seconds, in LED - 90 seconds. When working with acrylic systems, the material dries in the air. Remove the top mold in a convenient way. File the free edge of the nail to give the desired shape.

## Soft Gel Tips JOIA vegan

Our soft gel tips are made from a unique sculpting gel that provides the perfect balance of strength and flexibility. They closely resemble natural nails, are impact-resistant, and withstand everyday wear. Fast and secure adhesion makes them easy to work with, and they are compatible with all sculpting systems.

Soft Gel Tips Almond JOIA vegan  
— almond-shaped gel tips  
Soft Gel Tips Ballerina JOIA vegan  
— ballerina-shaped gel tips

240 tips in 12 sizes — for a perfect fit every time.

- Easy and practical to work with
- Minimal filing required
- Beautiful, natural-looking architecture
- Saves time and product
- Thin yet elastic
- Enhanced comfort for clients
- Durable and long-lasting

## French Silicone Molds JOIA vegan, 12 pcs.

A handy innovative tool designed to create the perfect French manicure!

Molds are stencils developed using advanced technologies. These are the best assistants for the nail technician to help apply a neat white stripe to the tips of the nails, creating a classic elegant look of a French manicure. They create a clear contour for applying gel polish or acrylic material. Due to their flexible structure, the molded stencils ensure precise and even application of the white stripe on each nail.

- Flexible, made of high quality material
- Ensure reliability and durability
- Easy to use

- Speeds up the process of creating a French manicure
- Easy to attach to the nail shape

---

### How to use?

Choose a mold and top mold of the desired size. Take a little JOIA vegan base and apply it to the place where the mold is placed. Press the mold several times with the brush handle against the mold, thus removing the air between them. Coat the joint between the mold and the mold with a thin layer of JOIA vegan base. Polymerize for 20 seconds. Use a thin brush to draw a smile line and create a Frenchie on the free edge of the nail or do it with a gel. Polymerize in the LED lamp for 60 seconds. Remove the mold, then fill the area of the nail bed with camouflage gel. Place the mold on the client's previously prepared nails. Polymerize for 60-120 seconds in the LED lamp. After use, remove the mold from the remaining material with tape.
